## J.S. PARIS EXCAVATING, INC. ANNOUNCES NEW CRANBERRY LOCATION

---

February 19, 2019 – Cranberry, PA – J.S. Paris Excavating, Inc., a commercial, residential subdivision, and land development excavating company, has added a third location in Cranberry, Pennsylvania.

The new facility is located on McKenzie Way in Cranberry Township. The Cranberry location complements the other two locations in North Jackson and Streetsboro, Ohio. J.S. Paris Excavating, Inc. primarily serves clients in Northeast Ohio and Western Pennsylvania.

“We are eager to introduce another J.S. Paris Excavating, Inc. location. Since there are many commercial and residential development projects in and around the Cranberry area, this location will help us to better serve our client’s excavating needs. The new location also helps us to be geographically closer to our clients involved in oil and gas projects in Western PA.” stated James Paris Jr., President and COO of J.S. Paris Excavating, Inc.

J.S. Paris Excavating, Inc. began in 1990 with one man, James Paris Sr., an old Ford 1720 tractor, and a Woods backhoe. Now, they complete some of the largest and most challenging commercial and residential development projects in Northeast Ohio and Western Pennsylvania. They have remained family-owned and operated by two brothers, James and Jason Paris.

J.S. Paris Excavating, Inc. provides commercial site development and residential subdivision development, utilizing state-of-the-art GPS, drone topography, and estimating technology to ensure precision. They also offer horizontal boring, design-build, warehouse logistics, and value engineering preconstruction services for budgeting. J.S. Paris Excavating, Inc. specializes in complete site development, including earthwork and utilities for commercial sites, residential subdivision development, and energy site construction.
